**Brother Peter Ryan fsp**  
(Congregation Leader)

Dear life-long learners at Patrician College of Arts and Science,

The twentieth-year Foundation Anniversary of any educational institution is truly a momentous milestone. We are presented with an opportunity to gauge whether the courageous faith and illimitable optimism of the pioneering Management and Faculty, and the aspirations of the first generations of students and parents have borne fruit.

Patrician College began taking shape in 2001, when a cohort of just one-hundred-and-fifty-five students launched into the orbit of tertiary teaching and learning. Over the ensuing twenty years, hallmarks of repute are abundant: accelerating enrolments, esteemed and highly qualified educators, outstanding facilities, vastly increased course offerings and well-deserved academic accolades. In 2020, Patrician College achieved topmost ranking among Non Autonomous colleges in Tamilnadu and a five-star rating by the Ministry of Human Resource Development, New Delhi. This year's testament is reaccreditation with A+

Grade in the Second Cycle of assessment by the National Accreditation Council.

Wonderfully aligned with the holistic Christian educational aspirations of the Patrician Brothers is your SEEDS programme initiative (*Students to Educate and Empower the Disadvantaged in Society*). The College motto's imperatives – Seek, Strive, Find are powerfully realised through its activities, and made ever more relevant during a pandemic crisis. Most assuredly, it is through demonstration of unflinching respect for every person and self-sacrificing humanitarian outreach, that we all can find and appropriate 'the light hidden in us' which is the presence of the Divine. On the occasion of this, your Emerald Anniversary, I extend my whole-hearted congratulations to the entire College Community. You are indeed, a renowned centre of excellence for the integral formation of minds and hearts. I pray for your wellbeing, safety and resilience in these exceptional times of social and ecological change. Going forward, may you meet every challenge with resolute faith, inclusive hearts and discerning minds.

Yours faithfully

## Message

I deem it a great joy to wish Patrician College on this milestone of their completion of twenty years of educational service to the society. The service of the Patrician Brothers however, goes back to the year 1808 after the visionary leadership of Bishop Daniel Delaney and the inspiration continued through the Brothers who came to India in 1875 and started their service at Chennai. With the entry into higher education in 2001 through the Patrician College of Arts and Science, they have extended their service into higher education and given underprivileged students a chance of getting an education on par with other premier institutions in the city. Through the journey of 20 years they have served many students, been awarded many accolades and expanded their scope of programmes offered. The various social service and extension efforts of Patrician College have also been highly appreciated by many people and have benefitted many people even during the pandemic period. Their commitment to continual improvement towards excellence within this short span of twenty years, especially the recent reaccreditation of A+ grade, is highly commendable and I wish them all the best for the coming years so that they may continue to shine brighter on behalf of the minority communities and let the light of education that they bear dispel the darkness of ignorance in the society at large. I admit here that I am happy to be associated with such an institution and will continue to stand in support of the institution in all their activities to uplift the marginalized and the downtrodden as a well wisher.

Yours Sincerely,

(S. Peter Alphonse)

**'Lives of great men remind us that we can make our lives sublime, and leave behind us, footprints on the sands of time' - Henry Wadsworth Longfellow.**

In this era of Globalization the college strives continuously for sustenance and enhancement of quality in every field of its activity. Its mission is to provide the best learning, teaching and research opportunities to students and scholars. Our students are guided by well equipped faculty from whom they learn the joy as well as the rigors of new discovery, and acquire skills of inquiry, evaluation, and communication that provide a foundation for the next phase of their lives.

As the saying goes "Learning is not attained by chance; it must be sought for with ardor and diligence", students are mentored to acquire knowledge through participative learning, internships, upskilling through training in soft skills, pre placement training,

and industrial visits. Apart from academics, other co-curricular and extracurricular activities are interspersed adding value to their education. Bridge Course, Association activities, culturals, sports, outreach, seminar, workshops and competitions, give the students a cutting-edge that helps them sharpen their career.

Though the Pandemic was unyielding, none of the academic or non-academic activities were hindered. Students took on virtual learning with ease and accommodated well. Mentoring and counselling sessions were underway ensuring the mental health of the students in the midst of the pandemic. Support structures were given to the students at every level making the motto of the year 2020 - 2021 "Serve to lead" more apt.

I congratulate the Magazine Editorial Committee for the crisp encapsulation of its yearly activities. May God bless and guide us in our endeavour to raise the college to greater heights.

# ACADEMIC DIRECTOR'S MESSAGE

I take immense pleasure to greet you on this occasion of the release of the college magazine for the year 2020 – 2021. This academic year has been a memorable one flooded with quality initiatives on all fronts. It was a significant year for the College as it was a year for re-accreditation by the National Accreditation Assessment Council (NAAC).

The entire college was put on the busy academic exercise to collate data on the performance of the College for the last 5 years and present the quality and quantitative report to the assessment council. This assignment called for meticulous work, committed and dedicated team and high end motivation from stakeholders. With the blessings of the Almighty we are proud and feel accomplished to share that the college has secured A+GRADE.

Besides this the college has been bustling with co curricular and extracurricular activities. The College attempted an innovative strategy of add on certificate courses to ensure that every Patrician student is enriched with additional knowledge and skills. The certificate courses, one per

semester, were made mandatory and this paved the way for students to equip themselves for their life and career.

In Spite of the lockdowns and Covid, nothing could hinder us from working. Through virtual platforms we were able to carry out all programmes for the college. This had been possible because of the Visionary Management, positive leadership by Director and Secretary, dedicated and committed officials and staff, enthusiastic students, supportive parents and alumni, quality academic programmes that College offers and the state of art facilities upgraded periodically in the college.

I convey my congratulation wishes to the magazine committee for bringing out the document which contains all the achievements and proud occasions and activities of the College. I wish the College to grow from strength to strength reaching out to many more students and shine in grooming human resources.

# PRINCIPAL'S MESSAGE

The hallmark of successful education lies in the ability to adapt, evolve and grow along with the changing situations in life. The COVID19 pandemic caught everyone off guard causing a severe impact globally in every possible way. In light of the ongoing pandemic the work culture in educational institutions and organisations had to be redesigned to prevent the transmission and spread of the deadly virus. Despite the various challenges faced, the academic year 2020-21 has been an eventful and significant one for Patrician college because of its well executed, strategic quality initiatives and accomplishments. The college was able to adapt well instantaneously, navigate the challenges, develop and adopt systems and opportunities that opened up for the present and the future to engage students effectively. Dual mode, both online and offline classes were integrated effortlessly by the faculty for the conduct of all curricular, co-curricular and extra curricular activities, through google and zoom apps. The virtual mode never ceased the possibilities for our dedicated and committed faculty to focus on a spectrum of activities throughout the year.. Several webinars, interactive expert talk sessions, virtual field trips, community connect outreach activities and career guidance sessions were organised, besides the mandatory regular academic programmes. 3 new PG Programmes, M.A.HRM, M.Sc Mathematics and M.Sc Applied Psychology were introduced to promote research culture in the college.

I take pride in sharing that by the grace of the Almighty and the enthusiastic efforts of every stakeholder, both internal and external, the college has been credited with five stars for Innovation and Entrepreneurship by the Ministry of Education, Govt. Of India and A+Grade with a CGPA of 3.42 out of 4 in the 2nd cycle Re Accreditation by the National Assessment Accreditation Council in February 2021. I gladly acknowledge and place on record that behind all the enriching and distinctive college experience and achievements that the college is proud of, lie a competent and collaborative team – the visionary and ever supportive Management, dynamic Director & Secretary, experienced and efficient Academic Director, able Vice Principals, competent and dedicated faculty and administrative staff, students and all our other valuable stakeholders. # VICE PRINCIPAL'S MESSAGE (SHIFT-II)

*Trust in the Lord with all your heart and lean not on your own understanding; in all your ways submit to him, and he will make your paths straight. (Proverbs 3:5,6)*

**Dear Patricians,**

It gives me immense joy for the blessings that have been showered on Patrician college all through the academic year 2020-2021. Perhaps none of us realized that we would experience this kind of an academic year in our lifetime. It made us understand that we are no longer in the traditional but digital era where all of us were seeing a new mode of operation the entire year. Institutions adapted to the new methodology of Teaching, learning and evaluation system. The institution's readiness to adapt to changes was the hallmark of our college. We were able to transform to the change immediately. With so much uncertainty around us, our college was able to see a huge participation from all stakeholders giving their best to make students grab the opportunities that were given to them.

The radar of leadership was towards the mission of the founder Bishop Daniel Delany in reaching out for the cause of the underprivileged. Patrician college grew in leaps and bounds to the vision of the management in accomplishing the desired objective within the 20 years time. The

college had witnessed remarkable growth in terms of programs, students, quality, infrastructural facility and achievements.

It's time to thank all the contributors for the noteworthy achievements made by the institution in the years and in 2020-2021. In 2020-2021 the College was re-accredited with A+ Grade by NAAC with a CGPA of 3.42 score. The College aims in giving holistic education with an overall development to make one a true Patrician.

At this juncture I extend my gratitude to Patrician Brothers for giving us an opportunity to serve this great institution run by the Patrician Congregation. My special thanks to our authorities, heads of the department, coordinators, teaching and non teaching staff members, students, parents and alumni for all the support and cooperation rendered to make us do our best.

I thank God almighty for showering his blessings continuously to make us reach greater heights. Wish all Patricians all the very best to be a good citizen.

*" All dreams can come true, if we have the courage to pursue them "*

Let's avoid the negativities and look into positivity. Our homes have become classrooms and parents have become teachers too. Unimaginable! But it's a fact we have to live with now and invariably it is happening– whether we are rich or poor, far or near. E-learning has emerged as the best way of imparting education.

Today, the role of a College is not only to pursue academic excellence but also to motivate and empower the students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society. Converting every individual into a self-reliant and independent citizen, our college provides an amalgam of scholastic and co-scholastic activities.

Be assured that the management, teaching and non-teaching faculty of the college is working towards making this lockdown a meaningful and fruitful one. We

## FRENCH

“Learning another Language is not just learning different names for things but learning, understanding and accepting other ways to think about the same thing” - Flora Lewis.

In the spirit of the above quote, the French language department prepares its students to broaden their empathy, cultural outlook and mind set to tolerate others' opinion and views and to heighten their employable skills.

L'ESPIRIT, the French cultural club of our college has conducted many competitions in various occasions to provide a platform for the French students to express their linguistic and cultural expertise in French.

On the eve of Independence Day celebrations, an essay writing competition and a poetry writing competition on the topic “l'Inde de nos rêves” was conducted and 24 students submitted their essays and three students came up with their poems.

In October the club held various competitions for the current batch of French learning students and all the French students were encouraged to take part at least in one competition. An essay competition with an abstract topic “Elargissez Vos Connaissances” was held, in which 16 students participated. A barrier free Story writing competition was held in which five students participated. All the entries were highly appreciated by both the judges. A poster making competition with the topic “La culture française” was held and 26 participants submitted their posters. The response from the student community was stupendous and their thought process, linguistic skills, general knowledge, imagination and uniqueness in their communication skills were amazing. The participants on their side were content to discover their talents and abilities.

Apart from that the club also organised two guest lectures by eminent and experienced DELF Examination trainer Ms. Abirami Santosh, on the topics “Comment rédiger un essai efficace?” and “Les expressions hypothétiques françaises” for first year and second year students respectively.

Parenting a child with special needs requires the dedication of threesome - the special student, the parent, and the teacher. Being introduced to Patrician College was the first step taken to a beautiful journey of 5 years that delights the heart and mind to experience the magnificent transformation of a lad to a fine young man competent with the world.

The most heartwarming experience is the patience, dedication and the hospitality showered to the parents and students by the management and faculty of Patrician College, which gives the assurance that the professors are the second parents to guide, mentor, encourage and nurture the students to see the positivity of life amid all its challenging circumstances.

The readiness to help from the fellow classmates and the faculty encountered especially through the online classes during the pandemic, will live down memory lane. This is what Patrician stands for - its motto to help students to seek, to strive

and to find, where students are offered moral values, various certificate courses to equip them to be ready to take on life with the campus interviews from reputed companies, industrial visits, project work and many more.

We as parents have a constant anxiety about the atmosphere that surrounds the young minds which could have an impact on them. But we could be free of anxiety in the premises of Patrician College, a second home with a beautiful ambience, and the renovation personally witnessed to ensure that the finest of education is offered to the future of the country.

I wish you the very best Dear Patrician family, may your glory spread across the globe.

Leaving the secure comfort of the school you have grown up in and transitioning into the first year of college can be daunting for many, that is until you enter the gates of Patrician College.

This transitional phase is one of the most exciting times thanks to the college faculty and staff who greet you with a ready-to-help-you smile that makes you feel like you are the most important person there.

Life experience at Patrician College is truly one of a kind. As a parent, I have seen first-hand that there's more to college life than just attending lectures. Students delve into subjects that reflect life's true interests and passions while making memories and forging new friendships that last a lifetime.

Wishing Patrician College many more successful years as they help each student in becoming a better person than they were yesterday, encouraging them to make changes – big and small – that move them closer to their dreams and goals, because the success of our students is the success of India as a whole.

Best of luck Patrician College, may your tribe increase!

## Stanis Christopher

Good Morning All!

Be proud but never satisfied.

I am V. Stanis Christopher, the Chairman of the Academic year 2020-2021. Congratulations on reaching the mark of 20. Our beginning was humble and now we are here to take it even further. We should thank

those who have put their heart and soul into building this institution from scratch. Fortunately, some of those people are amid us today. I am glad that I am also a part of this achievement. As we celebrate and acknowledge the achievements of our college, we should uphold the vision of our college, that is, to educate, empower, and awaken through a holistic education.

Finally, I wish the college every success in all its future endeavours.

Thank you!
