

Director's Message

On this occasion of the release of the Placement E-Brochure, I am happy to convey my hearty appreciation and congratulations to Mrs. Jacqueline Priya and the other members of the Source Hub Placement Team for this wonderful initiative. The Source Hub has been entrusted with the responsibility of training students, honing their skills and linking their talents with potential organisations.

The Covid-19 has brought in several crises, particularly in the area of campus hiring. A lot of uncertainty has set in challenging the skill set of students and the job market. The industries have adopted several technological methodologies to hire new talents & have swayed away from the conventional interview and selection procedures at campus. Today the shift is towards virtual hiring and hence the educational institutions are posed with the challenge of bridging the gap between technology and students readiness for hiring.

At this juncture I am happy to share that the source hub team has been able to address the challenges and prepare students to become industry ready in the new normal. The placement team has put in all their efforts even during lockdown and ensured that students did not have any constraint because of borders closure. They have helped the students to stay connected with the hiring process with right positivity and updation. We are glad that many of the students got placed even during the pandemic times.

The e-brochure, being released today, is the connecting link between students and potential employers. I hope that students will benefit from this initiative and the employers will come forward to connect with the institution. Once again, I congratulate the placement team and wish all the students to be professionally engaged.

- Dr. Bro. S. Arockiaraj

Academic Director's Message Dr. Fatima Vasanth

World is facing unprecedented crisis due to Covid 19 posing multifaceted challenges in Physical, Social, Economical and Psychological wellbeing. Human resources have been affected adversely particularly in employment. The conventional campus recruitment process has undergone a sea change from physical to virtual and on account of this the students passing out during this period face undue challenges.

In this changed scenario the finishing students have to gear up with their skill sets and approaches. At Patrician College we have a dedicated placement team which anchors the preparedness and placement of students. Even during the pandemic lockdown they have been active and have engaged students in pre placement training getting them industry ready and connecting with organisations. They have been successful in their venture and have a proud record of students placed.

I am happy that the source placement team is bringing out E Placement Brochure which contains profile of students to be placed. I congratulate the source hub placement team for this venture. I hope the E brochure will receive wide circulation and response from the potential employers. It is a good medium to connect students and industries. I wish the placement team to continue their ardent mission to place students in suitable positions.

Principal's Message Dr. Usha George

Greetings! The world of career options, work culture, challenges and opportunities are constantly changing and the competitions in the job market, Post Covid 19, is all time high. To overcome this overwhelming situation, the college has integrated curriculum learning opportunities with internships, industry connect and capability enhancement programmes to prepare students for the real world. A pivotal role is played by the Source Hub with a robust framework to deliver transformative placement outcomes by organising several training programmes and career guidance sessions to prepare students on aptitude, corporate mannerisms, team work, communication skills and personality development to enhance their employability competencies and to be placed with a rewarding career. The dedicated Placement team has been constantly working towards making them adaptable and relevant to the changing job market demands and expectations. I convey my appreciations to the Source Hub team for the release of the e-brochure & their tremendous efforts to support & prepare students for launching their career successfully.

Branding On Campus

Presentation

Presentations can serve as a valuable tool for reaching out and communicating with the student body. An effective presentation provides students with adequate information about the firm's objectives, the available job opportunities and career paths within the firm. This will enable appropriate candidates who feel they have the skill sets required for the job to identify with the organizational culture and apply for suitable positions.

Guest Talks

To build the presence of hiring organizations on the campus by having senior representatives can conduct guest talks and interact with students. These sessions can be facilitated and coordinated by the placement office.

How Can You Recruit Patrician ? Contact Source Hub

The Source Hub at Patrician College of Arts and Science manages the recruitment process and the logistics involved, including but not limited to: Pre-Placement Talks, Management of Tests, Group Discussions, and Interviews. ABOUT PATRICIAN COLLEGE

Patrician College of Arts and Science, established in 2001, is a Christian minority co-educational self-financing institution affiliated to the University of Madras. It was instituted by the Brothers of St. Patrick, a congregation established by Bishop Daniel Delany on 2nd February, 1808 in Ireland. The members of the congregation carry inspiration from the life and spirit of their Patron Saint- St. Patrick. With a noble spirit to serve humanity, the Patrician Brothers stepped into the vocation of educating the youth to free them from the bonds of ignorance. The college aims to prepare the youth to constantly seek, strive and find the truth, to grow into mature and responsible citizens, ready to face the challenges of personal life and society. The college therefore strives to inculcate sound philosophy of life in the students based on faith in God. The Motto of St. Patrick is ORS ET LABORA which means - Pray and Work.
